|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>   | Novus Biologicals Rabbit DCBLD2/ESDN Antibody - BSA Free (NBP3-28943) is a polyclonal antibody validated for use in WB and IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>          | Rabbit                                                                                                                                                                                             |
| <b>Gene ID</b>       | 131566                                                                                                                                                                                             |
| <b>Gene Symbol</b>   | DCBLD2                                                                                                                                                                                             |
| <b>Species</b>       | Human, Mouse                                                                                                                                                                                       |
| <b>Immunogen</b>     | Between 725 and 775                                                                                                                                                                                |
| <b>Assay Type</b>    | [Assay Type]                                                                                                                                                                                       |
| <b>Sample Volume</b> | [Sample Volume]                                                                                                                                                                                    |

**Product Application Details**

|                              |                                   |
|------------------------------|-----------------------------------|
| <b>Applications</b>          | Western Blot, Immunoprecipitation |
| <b>Recommended Dilutions</b> | Western Blot, Immunoprecipitation |

## Images

Immunoprecipitation:[NBP3-28943]-Detection of human DCBLD2 by western blot of immunoprecipitates. Samples: Whole cell lysate prepared using NETN buffer from HeLa cells. Antibodies: Affinity purified rabbit anti-DCBLD2 antibody used for IP at 6  $\mu$ g per reaction. DCBLD2 was also immunoprecipitated by rabbit anti-DCBLD2 antibody. For blotting immunoprecipitated DCBLD2, was used at 1  $\mu$ g/ml. Detection: Chemiluminescence with an exposure time of 30 seconds.

Western Blot:[NBP3-28943]-DCBLD2/ESDN Antibody
