**NBP3-45512**

NIPA Antibody - BSA Free

| Product Information     |                                                                                             |
|-------------------------|---------------------------------------------------------------------------------------------|
| Unit Size               | 100 ug                                                                                      |
| Concentration           | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                 | Store at -20C. Avoid freeze-thaw cycles.                                                    |
| Clonality               | Polyclonal                                                                                  |
| Preservative            | 0.02% Sodium Azide                                                                          |
| Isotype                 | IgG                                                                                         |
| Purity                  | Immunogen affinity purified                                                                 |
| Buffer                  | PBS, 50% Glycerol, pH (7.3)                                                                 |
| Target Molecular Weight | 55 kDa                                                                                      |

| Product Description |                                                                                                                                                                                                |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit NIPA Antibody - BSA Free (NBP3-45512) is a polyclonal antibody validated for use in WB and ELISA. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                                         |
| Gene ID             | 51530                                                                                                                                                                                          |
| Gene Symbol         | ZC3HC1                                                                                                                                                                                         |
| Species             | Human, Mouse, Rat                                                                                                                                                                              |
| Immunogen           | zinc finger, C3HC-type containing 1. (Uniprot# Q86WB0)                                                                                                                                         |

| Product Application Details |                                  |
|-----------------------------|----------------------------------|
| Applications                | Western Blot, ELISA              |
| Recommended Dilutions       | Western Blot 1:200-1:2000, ELISA |

**Images**

Western Blot: NIPA Antibody - BSA Free [NBP3-45512] - Mouse lung tissue were subjected to SDS PAGE followed by western blot with (NIPA antibody) at dilution of 1:500
